## Product In Profile Sawn Wallers

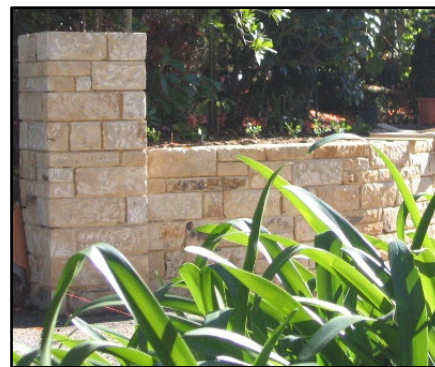

These beautiful natural face blocks come in three sizes which can be dry stacked or mortared.

This product is cut top and bottom to make it easier for the DIY enthusiast to achieve the olde worlde dry stack look.

Use just one size, placed uniformly for an modern coursed finish, or combine two sizes (162mm & 80mm) to create a rustic / random pattern.

These photos demonstrate the countless finishing options. The addition of lighting creates a serenely beautiful effect, with the natural rock face providing an interesting texture.

The sizes that are available:  
80mm, 110mm & 162mm

We have recently blasted and are now sorting the rock into various sizes. These different types of rocks are ready to be picked from.

Since the blast we now have a wider range of sandstone products to choose from. The pictures on the left show a few of the products that Carey Gully Sandstone has to offer.

Flagstones, Large flat thin slabs

Bobcat Boulders 1/4 - 1/2 tonne

Our most popular products like our Random Stone are great for those garden walls or our Large Boulders for garden decor. Whatever your taste, you are sure to find the right stone for your garden at Carey Gully.

The quarry is currently open Tuesdays and Thursdays between 8am to 4pm. But you are able to place an order with us at any time on 8390 3420.

All you need to do is bring your ute, trailer or truck and we can load you up or you are welcome to pick out your own.
