G'Day Everyone,

We hope you enjoy this issue of our newsletter.

Recently our director Neil Mullard (pictured right) opened the Nature Play area at the Uraidla Primary School, which features some of our donated Carey Gully sandstone.

In addition to this we are now proud sponsors of The Master Landscapers Of SA.

All the best from BRS.

The natural material to build your dream...

Product In Profile Pudding Face

We would like to introduce you to our Pudding Face dimension stone. It has a smooth, rounded face (much like the top of a rising loaf of bread) and it's usually seen on older Tudor style homes.

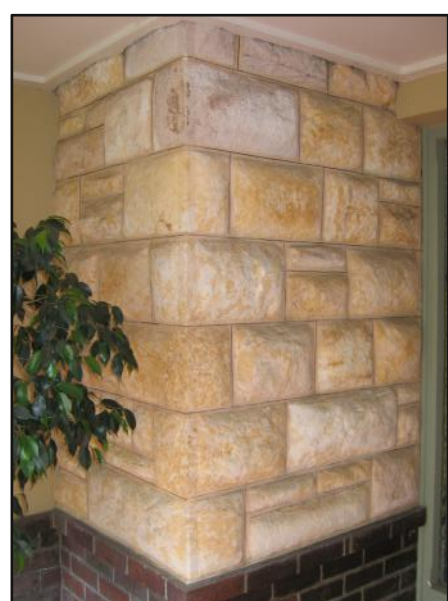

We match a lot of existing homes with a Pudding Face finish and take pride in hand crafting each stone to match the original stonework.

Generally colours are the softer yellows, creams and browns, as they are easier to shape. The Pudding Face finish is available in block and veneer.

Builders are using our Pudding Face for extensions, renovations and garages, as well as front fences to match the house.

To make an external corner on Pudding Face block, we create what is called a "Margin Draft". This is a small flat section on the corner of the block, giving a nice clean line.
